

Utility Cart - 360 Wide Area Electrostatic Cart Sprayer

An affordable applicator, the PCT Utility Cart - 360 utilizes proven electrostatic technology to charge each droplet to provide effective application of liquid (sanitizing and disinfectant) formulations. The droplets stay separated due to the charged nature allowing uniform, even coverage on entire target surface every time.

The PCT Utility Cart - 360 is ideal for use in spraying commercial and retail areas such as stores, medical and dental practices, hotels (rooms), schools, daycares, offices, warehouses, meeting rooms and high-traffic hallways. Also excellent for disinfecting hard to reach areas in and around transportation (taxis, buses, trains, aircraft, etc.). Can also be used for controlled humidification.

Precision flow rate and droplet control

Uniform and consistent coverage

Droplet size can be controlled for both ULV and residual spraying

Stainless Steel Metering Valve

Pivoting adjustable head for precise directional spraying

Complete, consistent coverage up to 2,100 sq ft

360°degree rotating turntable base

Timer operation settings for 2, 5, 10 and 15 minutes

Heavy-duty wheeled utility cart with locking wheels and 5-gallon reservoir

SPECIFICATIONS:

Spray head	Tri-nozzle, electrostatic spray
Fluid flow rate	9.5 oz/min (281 ml/min)
Particle size	40-50 microns (VMD)
Tank capacity	5 gallon (18.927 li)
Maximum spray distance	8-12 ft (2.44-3.66 meters)
Head / turntable dimensions	11.5 in x 10 in x 22 in (29.2 cm x 25.4 cm x 55.9 cm)
Cart dimensions	29 in x 19 in x 48 in (74 cm x 48 cm x 122 cm)
Weight (empty)	7.5 lbs. (3.4 kg) / 40 lbs. (18.14 kg) with cart
Timer settings	2:00, 5:00, 10:00, and 15:00 minutes
Turntable Rotation / Speed	360° degree / 2.6 rpm
Electrical	110/120 VAC, 7.0 Amps, 50/60 Hz
